

Dear colleagues,

The Helsinki conference of the World Association of Chefs Societies was a great success and I would like to thank all of the delegates who participated in this very fruitful occasion, it was a pleasure for the Nordic chefs Association to play host to our colleagues from throughout Europe.

You will find attached copies of the presentations from the various agenda items and also a set of minutes giving you a comprehensive overview of the agenda.(I apologise if there's anything that has not been recorded)

I would like thank my colleagues Reinhold's Metz and Srecko for their tremendous support and assistance for this event.

May I wish you all a wonderful 2007 filled with health, happiness, and prosperity, and at the same time may it be a year of achievement and great progress for the World Association of Chefs Societies.

Yours sincerely

Gissur Gudmundsson
